The Way We Do Business With You

Sixty-three years have been spent in building up our nursery business at New Haven. It was established in 1872 by Julian Bagby and has continued under Bagby management ever since. We are proud of our record of the orchards that are growing in every state from the trees we have produced. Some of our customers have been with us for more than forty years, and we expect to keep right on serving a larger circle of new customers every year with Bagby quality stock. Let us fill your order.

TERMS—Cash, unless otherwise agreed upon. All orders to be sent C. O. D. must be accompanied by one-fourth the amount in cash. Remit by Money Order, Cash or Check. When cash is sent be sure to Register the letter.

DIRECTIONS FOR ORDERING—Write name and address plainly. Always state distinctly the sizes and grades of stock ordered as per the grades given in this list. When varieties named cannot be furnished, we reserve the right to substitute such varieties as will fill the season as nearly as possible, unless prohibited in the order. Keep a correct copy of the order, so that when stock arrives you will know exactly whether or not you get what you have ordered. If we make mistakes, they are accidental, and we wish to right them.

PRICES—The prices in this list are for the goods F. O. B. New Haven, Missouri.

15% additional must be sent when you wish your stock shipped by parcel post. Any amount not used for prepaying packages will be refunded. If no money is sent for postage, then shipment will go by express collect. Owing to postal regulations trees larger than 3 to 4 feet cannot be sent by parcel post.

PACKING—All goods are packed free. Notwithstanding this fact, we use the utmost care and pack all orders, large or small, according to the distance and our customers' best interests. Everything is correctly labeled.

OUR GUARANTY—The fact that nurserymen, planters and fruit growers of the country have ordered of us year after year, is as good a guaranty as can be given by any other nursery of sixty-three years' standing. If a mistake occurs we will cheerfully correct it. We use the greatest care possible to have our stock true-to-name, and should any prove not true, we stand ready to replace it free of charge, or to refund the purchase price, but it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for any greater than the amount originally paid for said stock. We guarantee stock to reach customers in good condition.

All shipments will be accompanied by Certificate of Inspection of the State Entomologist.

LOCATION—New Haven is on the south bank of the Missouri River about sixty-seven miles west of St. Louis by rail. We are on the main line of the Missouri-Pacific R. R. We have a very good system of roads as the new Mo. 100 has just been completed. In driving from the East or Southeast take U. S. 50 or U. S. 66 to Mo. 47. By continuing straight on No. 47 you automatically enter No. 100. From the South we are served by two farm to market roads E and C, both running from U. S. 50 to New Haven. In coming from the North or Northwest, use the free bridge at Hermann, Mo., or the New Haven ferry. During the shipping season we are open on Sunday.

IMPORTANT NOTICE

All fruit trees and most Small Fruit Plants are very scarce this year and we advise anyone wanting to plant to send their order as soon as possible, so as to be sure of getting your trees.

If you do not want to spare all of the money now a deposit of 25% will hold the stock for you, balance to be paid when you want the stock shipped.

Apples

	Each	10	50	100
2 yr. 3—4 ft. Medium	\$.60	\$5.50	\$25.00	\$45.00

Price	\$.35	\$3.25	\$15.00	\$27.50
NIAGARA—White, very juicy.				
	Each	10	50	100
Price	\$.27	\$2.50	\$12.00	\$22.00

Ornamental Shrubbery

Owing to limited space we cannot list all of the Shrubs that we can supply. If you want a variety not listed, we will try to get it for you if we do not have it.

Why should you delay any longer on the improvement of your home grounds. Do you realize that it is even more necessary to dress up the exterior of your home than it is the interior. Only your friends and visitors see the inside of your home but every passerby sees the exterior and judges accordingly. Just look around and notice the homes that are surrounded by beautiful shrubbery and then draw your own conclusions.

ALTHEA—Pink, purple, red, white.			
	Each	10	100
3 to 4 ft.	\$.45	\$4.00	\$35.00

BARBERRY—Red leaf.

ing tree.

	Each	10	50
6 to 8 ft.	\$1.00	\$9.50	\$45.00

Nursery Inspection Certificate

No. 51

Issued Aug. 18, 1934

STATE OF MISSOURI
Department of Agriculture

JEFFERSON CITY

This is to certify that, in accordance with the Missouri Plant Act, the nursery and premises belonging to the New Haven Nurseries of New Haven, Mo., have been duly inspected by an authorized Inspector, and were found apparently free of injurious insect pests and plant diseases.

This certificate is not transferable and is subject to revocation and other penalties under the provisions of the laws relating thereto.

Expires September 1, 1935.

J. CARL DAWSON, Plant Officer.
